

REMARKS

Claim 4 is amended to recite a pharmaceutically acceptable carrier to distinguish the scope of claim 4 from that of claim 1. Support is found, for example, at page 10, first full paragraph. Thus, no question of new matter arises. Further, because the amended claim contains all the limitations of the unamended claim, no further search is needed.

It is believed that the Examiner agreed to this amendment in a telephone conference initiated by the Examiner on August 2, 2007.

Entry and consideration of this Amendment are respectfully requested.

Respectfully submitted,
